Jane: One of the biggest hurdles was ensuring data privacy and security. We invested heavily in encryption and compliance with data protection regulations to build trust with our users.

Host: That's an important point. How do you see this technology impacting small businesses in the long run?

Jane: I believe it will empower them to make data-driven decisions without needing extensive technical expertise. This can lead to increased growth and competitiveness.

Host: Before we wrap up, do you have any advice for aspiring entrepreneurs?

Jane: Yes. Stay curious, be persistent, and listen to your customers. Their feedback is invaluable in creating solutions that truly meet their needs.

Host: Wonderful insights, Jane. Thank you for sharing your time and expertise.
